Packets will be available at all medical facilities and upon request to Carol Roth, 867-3414, email Roth-1, Carol and on the Occupational Medicine website: http://sgs/sgs/sites/other/chs/occmcd/index1.htm. NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: Make Weight Loss Permanent. Did you know that Americans spend more than \$30 billion a year on diet programs and products? And at the same time, the number of overweight Americans continues to grow. Weight-loss programs and diet gimmicks offer everything from fasting to pre-packaged meals. However, they don't encourage behavior change, which is the key to weight loss and maintenance. If you want lasting weight loss, ask yourself these questions:
• Am I ready to make changes in what I eat?
• Do I understand that weight loss is best when it is lost slowly?
• Am I willing to increase my physical activity?
• Am I ready to start making healthier food choices?
If you can honestly answer "yes" to the above questions, then your mindset is in the right place to make permanent changes in your eating habits. Source: http://www.eatright.org. Contact: simmoks@kscems.ksc.nasa.gov. (TA-C2)

TURTLE NESTING SEASON IS HERE! The months of May thru October are the prime months for sea turtles to nest along our beaches. KSC and CCAFS have some of the only remaining pristine beaches along the East Coast of Florida. Sea turtles use these beaches in high numbers for nesting. All exterior lighting at KSC and CCAFS, not just that which directly hits the beaches, can be a distraction to these turtles causing disorientation and nest abandonment. Please, take extra measures to ensure all non-essential exterior lighting is turned off. The KSC Exterior Lighting Guidelines can be reviewed on the Environmental Program Branch website at <http://environmental.ksc.nasa.gov/natural/lighting.htm>. If you see any lights that you feel need to be turned off or have any questions, please contact John Shaffer, NASA EPB, at 867-8448. (TA-C3)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Roberta Gross, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)
