OFFICIAL

FLAGS AT HALF STAFF : The flags at the Kennedy Space Center flew at half staff on March 11, 2004, in honor of Larry K. Naron, an LPS Maintenance Technician with USA. Mr Naron died on March 9 and his funeral was March 11.

USE OF MULTICOLOR OFFSET PRINTING, COLOR COPIERS, AND COLOR PRINTERS: Managers and employees are reminded that all color printing/copying must be in accordance with NPG 1490.5A. The NPG states that offset printing in two or more colors is prohibited for work in which additional colors provide no demonstrable value, but are used primarily for decorative effect. The unnecessary use of color products costs the government additional money without additional benefit. The NASA Inspector General has reviewed various agency products and determined that color products have increased significantly. Managers at all centers are to ensure requests for multicolor printing and color copying are only made when the use of multiple colors adds demonstrable value, not just cosmetic appeal, to the product. For more information, contact the KSC Printing Management Officer, Ted Courson, 867-4256. (TA-E1)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to KSC-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory (TA-E1)

RETIREMENT: Individuals contemplating retirement should contact Kathleen Ellis at 867-2002 or Lisa Fowler at 867-1883. Retirement Counselors, Personnel Office Benefits Team, for an appointment at least 30 days prior to their projected retirement date. (BA-C)

BANK OF AMERICA GOVERNMENT TRAVEL CARD USERS: All NASA employees at Kennedy Space Center who have been issued a Bank of America Government Travel Card are reminded that the card and the account are to be used for official travel and travel related expenses while on TDY. Employees are expected to pay the balance in full each month. Delinquent charges or personal use of the card are cause for cancellation. If you have any questions, please call the KSC Bank of America Agency Program Coordinator at 867-2860. (TA-E1)

CONTINUING PERIODIC KSC BULLETIN NOTICES: Organizations and/or individuals submitting KSC Bulletin notices to be run on a continuing periodic basis are reminded it is their responsibility to delete obsolete notices and/or update notices for changes to names, organizations, dates, regulation references, etc. (TA-E1)

VOLUNTARY LEAVE TRANSFER PROGRAM: The leave transfer program is one of the most popular benefits. To qualify for this program, an employee must establish the existence of a medical emergency (for self or family members) which is expected to result in a requirement for at least 3 days of leave without pay, after the use of existing annual and/or sick leave (earned, not advanced). Leave transfer requests must include documentation from a physician on the medical condition and an estimate of the employee's projected length of absence. If an employee wishes his/her participation in the program announced in the KSC Bulletin, or within his/her organization, he/she may include such a statement in the letter of request. Affected employees would normally initiate requests for a declaration of a medical emergency through supervisory channels; however, if they are unable to do so, their supervisor, family members, or co-workers may initiate the request. Employees wishing to donate leave may do so, subject to certain restrictions. Only earned annual (or restored) leave may be donated, and total donations of leave may not exceed one half of that which would be earned in the remainder of the current leave year. Employees wishing to donate leave are strongly encouraged to donate at least 8 hours at a time, since the effort involved in processing leave transfers is significant. Leave donor forms are available in the BA-B Office and in most Administrative Offices. Donations of leave should be sent directly to BA-B, Room 2507, Headquarters Building. Requests for leave transfer are treated as confidential, unless the employee states otherwise. The names of donors are anonymous and will not be released except as needed to process the donation. If you have questions about the program stop by the Personnel Office Operations Branch, HQ, Room 2507. (BA-B)

NPG 7120.5A PR CERTIFICATION: Effective March 26, 1999, NASA policy requires all Procurement Requests (PR's) to be accompanied by a certification stating either that the purchase request action "is" or "is not" in support of the programs and projects subject to the requirements of NASA Procedures and Guidelines (NPG) 7120.5A, NASA Program and Project Management Processes and Requirement. If the action is in support of a program or project that is subject to the NPG, the certification must then indicate whether: a) all NPG 7120.5A documentation is current and approved, or b) authority to release the solicitation without the required documentation has been granted. An acceptable certification format is located immediately under the internal KSC OP Procurement Home Page header at: <http://www-op.ksc.nasa.gov/procurement/op.htm>. PR's not accompanied by the required certification will not be processed in the Procurement Office until such certification is received. (OP-AM)

PRINTING/COPYING PAPER USERS: The NASA HQ Code JT has set a goal for each center to reduce the annual use of paper stocks by 10 percent. Suggestions on how to accomplish this goal are printing on both sides of the paper; circulating, posting, and publishing memoranda and other information using email, bulletin boards, routing slips, newsletters; and distributing documents in electronic format via file servers or home pages to avoid making copies on office copiers. Your support in implementing these suggestions will help meet KSC's paper reduction goal. (IT-D1)

UNAUTHORIZED COMMITMENTS AND RATIFICATIONS: An unauthorized commitment is an agreement between the Government and a contractor that is not binding; solely, because the Government representative who made it lacked the authority to enter into that **UNAUTHORIZED** agreement on behalf of the Government. Ratification is the act of approving an unauthorized commitment by an official who has the authority to do so. Unauthorized commitments are strongly discouraged and can indicate serious employee misconduct. Individuals making unauthorized commitments may be subject to disciplinary action, and the issue may be referred to the Office of the Inspector General. Only Contracting Officers acting within the limits of their delegated authority are authorized to commit the Government. If you are unsure of your authority, before directing a contractor to take any action, call your project control office, or the Procurement Office at 867-7217, for assistance. (OP-AM)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7 a.m. to 5 p.m., and the Launch Area Clinic is open Monday-Friday 7 a.m. to 3 p.m. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

PHOTOGRAPHIC AND VIDEOGRAPHIC SUPPORT: Request for photographic and/or videographic support may be obtained by calling the Aerospace Imaging customer service desk at 867-4308 located in KSC Headquarters Building, Room 2340. Support is also available at the Cape, in Building 1605, at the pickup/drop-off service desk and can be obtained by calling 853-5765. For more information on the wide range of services available visit website: www.Aerospaceimaging.com. (PZ-J-C)

NUTRITION LECTURE SERIES: Please join the KSC Fitness Centers as we present the, **"Changing Weighs" Nutrition Lecture Series!** The sessions are all one hour long **in the O&C Mission Briefing Room (MBR)**. Back-up rooms are listed below, after the title, in the event another request for the MBR takes precedence. (TA-C1)

KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require them to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training. For more information on the Toastmasters organizations and the three different locations/dates for training sessions at KSC and CCAFS, contact Mike Schnoke, Jack Jamba, Bill Cleaver, or Nona Mamaradlo at 784-7502.

MARCH BEGINNING BIRD WATCHING TOURS: Take a driving tour of Merritt Island National Wildlife Refuge accompanied by a trained U.S. Fish and Wildlife Service volunteer to learn how to identify the many birds that frequent the refuge. There is one tour per day and it leaves from the visitor center at 9 a.m. and lasts for approximately three hours. No reservations are required. Suggested items to bring include binoculars, camera, field guides, insect repellent, water and a snack. Loaner binoculars are available. There is one daily tour that leaves at 9 a.m. on the following dates:

Sundays: March 14th, 21st, & 28th

Thursdays: March 18th & 25th

Saturdays: March 13th, 20th, & 27th

Please meet at the Refuge Visitor Center at 9 a.m. and sign in at the desk. The Visitor Center is located on SR 402, 5 miles east of U.S. 1 in Titusville. Please call 321-861-0668/0667 for additional information.

UNIVERSITY OF FLORIDA OEM PROGRAM: The Outreach Engineering Management Program at the University of Florida is an engineering management master's degree program featuring live instruction in a convenient format designed for working professionals. The degree program is a collaboration between UF's Colleges of Engineering and Business and awards a master's degree in engineering. A new program begins every August. Classes meet only one weekend per month (Saturday and Sunday) for 20 months. For more information or to request an application packet, visit the OEM home page (<http://www.ise.ufl.edu/oemp>) or contact the OEM program office (1-800-321-0199; engrman@ise.ufl.edu).

UNIVERSITY OF MIAMI - Get the UM Advantage: Enroll in the April 2004 M.S. Management of Technology Program (MSMOT). Applications are being accepted for late April 2004. Courses are held Friday evenings and Saturdays to accommodate working professionals. Earn a Master's degree from UM that can be completed in less than two years on a part-time basis.. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu <mailto:augusto@miami.edu>. "My pursuit of the Management of Technology degree has provided IBM the resources, intellectual capital and framework that have established our company and customers to become leaders in the market. The education that the University of Miami provided has an incredible impact for IBM and myself professionally. Together, we have developed some of the leading approaches and solutions seen today on a global and international scale. The University of Miami Industrial Engineering Department provides a flexible, intellectually robust and valuable program that has allowed IBM employees to innovate and execute pragmatic technology solutions that make sense for businesses globally." (Ben Amaba, CPIM, IBM Global Solutions Executive; Software Group).

UNIVERSITY OF MIAMI: CALLING ALL ENGINEERS. The University of Miami will begin accepting applications for the Master of Science in Industrial Engineering (MSIE) starting this summer 2004.
